

Entrepreneur Resources

June 2021

- Each month we'll highlight resources, founder conversations and hot topics to help you move your ideas forward.
- If you have resources that you'd like to share, please reach out to your licensing associate or EIR to have them included in the next update.
- **I have added recordings of virtual events from the previous month in case you missed them.**

The First Look SoCal Innovation Showcase 2021 *[virtual]*

This is a great way to hear pitches in your area and see how they communicate their value proposition! And it's FREE.

Wednesday, June 16 -- LIFE SCIENCE
Thursday, June 17 -- TECHNOLOGY
9a - 3p PT (both days)

Why You Should Attend:

- See live quick pitches from emerging startups w/Q&A from investors plus 2 keynotes, 2 panels, and 2 workshops for startups
- **Free** to attend including the webinar and online workshops

The day's program will feature a short keynote before a full program of quick-pitch presentations (15 per day), each followed by investor-led Q&A. Each day ends with a panel discussion of investors and industry leaders.

Valuation for early biotech event

TUESDAY, MAY 11, 2021
12:00PM - 1:00PM

Valuing Your Early Stage Biotech Company

Discover the strategies for early-stage valuation of biotech companies.

There are many times during the life of a biotech company when it will be important to provide a rational estimate of the value of the company. Whether to estimate values of options granted to employees, or to intelligently negotiate with investors or a potential corporate partner, you need methods to value the company, which you can clearly explain to others. In this session you will learn a few general methods and strategies for early-stage valuation of biotech companies that are producing pharmaceutical, biopharmaceutical, diagnostic or medical device products.

Event Speaker

Molly Schmid, Ph.D.

Senior Consultant,
SBDC @ UCI Beall Applied Innovation
